

CONFERENCE

MEASURING THE SUCCESS OF YOUR RETENTION EFFORTS

May 20 - 22, 2014 San Antonio, TX

Learn how you can better use data indicators to assess your institution's retention efforts.

OVERVIEW

Everyone knows their retention rate; fewer know the details of where their biggest challenges occur in retaining students. Institutions often don't have a framework to evaluate their initiatives, nor do they have the data acumen to really measure the success of programs.

Join us for a learning institute that will walk you through four main areas of measurement to help create a framework for assessing your overall retention strategy, as well as how to comprehensively measure the success of individual student success programming. The four main areas of measurement are:

- → Institutional outcomes and mission/values driven data
- → Performance outcomes
- → Learning outcomes
- → ROI of retention initiatives

WHO SHOULD ATTEND

This event is designed for higher education professionals charged with improving retention, including enrollment managers, student and academic affairs leaders, and assessment coordinators or committee members. Four-year and two-year institutions alike will benefit from this conference. This event is right for you if you are tasked with measuring and assessing the effectiveness of your retention initiatives and overall retention program/plan and want to become more evidence-based in decision making.

ATTEND AS A TEAM AND SAVE!

We know that critical issues and challenges require the input and support of many campus stakeholders. To help make it possible for your team to attend, for every two registrants, the third is 1/2 off!

LEARNING OUTCOME

After participating in this conference, you will be able to measure the success of your specific retention initiatives and overall retention strategy.

APRIL 29, 2014

1:00 - 2:30 p.m. EDT

Included in your conference registration, this pre-conference online training session will help you understand which data your retention team is collecting (and using), as well as the retention programs you have in place. You will leave with a worksheet that organizes the different programs, goals, and student served. This worksheet will be used in the program.

Agenda for Online Training

- → Step One of the Audit: Institutional Level Overview of Programs and Gaps
- → Step Two of the Audit: Identification of Retention Programs and Program Components
- → Step Three of the Audit: Identification of Specific Action Needed by Program
- → Step Four of the Audit: Connecting Data to Programs

Format

This training event is designed to help you establish a framework for measuring and interpreting your student success data. Participants will be guided through this framework using hands-on activities that you can take back to campus.

AGENDA

DAY 1

12:30 - 1:00 p.m. Registration

1:00 - 1:15 p.m. Welcome and introductions

1:15 - 3:00 p.m. Institutional Outcomes: How Does Your Institution Measure Student Success?

> This conference opens with a discussion on the different types of data indicators that are tracked at your institution (retention, GPA, grad rate, course completion, hours earned/hours attempted, etc.). Our faculty will outline the breadth of institutional outcomes and how these connect to mission-driven and/ or values-driven data. You will make the connection between data sound bites and useful data that helps

make decisions about programs, funding, and planning.

3:00 - 3:15 p.m. **Break**

3:15 - 5:00 p.m. Institutional Outcomes: Matching Outcomes and Programming

> Many institutions have common attrition goals for students; unfortunately, they are unable to make clear progress towards those goals. For example, many campuses focus on first year student success but can't understand why students leave as a first semester sophomore. This often is because there is a gap between the retention goals and retention initiatives. This session will show how to make these

connections and ask the right questions to use data as evidence for future programming.

5:00 - 6:00 p.m. Networking reception (included in registration fee)

AGENDA

DAY 2

8:30 - 9:00 a.m. Continental breakfast (included in registration fee)

9:00 - 9:45 a.m. Retention Program Goal-Setting

Just as you have institutional goals, you should have programmatic goals for your retention efforts. This session will outline some common pitfalls with setting programmatic retention goals and how to address

them.

9:45 - 11:45 a.m. Programmatic Outcomes (includes break)

How do you measure the success of your different retention initiatives and programs? This extended activity and working session will showcase the breadth of options for evaluating a program and help you determine how to prioritize which data indicators are necessary for effectively evaluating your retention

programming.

11:45 a.m. - 12:30 p.m. Writing Learning Outcomes for Retention Initiatives and Programs

Assessing student learning in retention programs is often overlooked, or outcomes are written too ambitiously so as never to be measured. Faculty will share sample lessons learned from writing and

measuring learning outcomes for retention programs.

12:30 - 1:45 p.m. Lunch (included in registration fee)

1:45 - 2:45 p.m. Quick and Dirty Data Collection

Faculty will share sample data collection techniques to help find out some of the information you might

be challenged with collecting on your own.

2:45 - 3:45 p.m. Quick and Dirty Data Analysis

This session will highlight ways to move from simple data analysis (cross tabs, simple report of data, logistic/controlled regressions) to more complex depending on the research question you are asking. The intent is not to spend a lot of time teaching you how to analyze data, but rather how to connect your

research question to the type of analysis you might perform.

3:45 - 4:00 p.m. Break

4:00 - 5:30 p.m. Working Session

This session will allow you to consolidate all you have learned thus far and work on applying the measurement framework to your own retention goals. Faculty will be on hand to answer questions and

spend some time with each participant to answer any questions.

AGENDA

DAY 3

8:30 - 9:00 a.m. Continental breakfast (included in registration fee)

9:00 - 10:30 a.m. Tying It All Together

This capstone session will highlight best practices and lessons learned from each faculty member to help

you use data more effectively on your campus to identify and retain students.

10:30-10:45 a.m. Morning break

10:45 - 12:00 p.m. Working Session & Final Q&A

This final session will allow you to review and revise your retention measurement plan. Faculty will be

available for feedback.

POST-CONFERENCE WORKSHOP: PROGRAM PRIORITIZATION ACTION PLAN

12:00 - 1:00 p.m. Lunch for post-conference attendees (included in workshop registration fee)

1:00 - 4:30 p.m. Post-Conference Workshop: Program Prioritization Action Plan

This afternoon workshop will help your team work towards continuous improvement with your retention initiatives by establishing evaluation criteria and determining which programs to continue to fund, which programs need more data to make informed decisions, and which programs might be discontinued due to their ineffectiveness. Each participant will develop a plan of action for establishing criteria,

systematically reviewing programs, and gaining buy-in.

INSTRUCTORS

JENNIFER JONES / Clinical Assistant Professor, University of Alabama **Adjunct Faculty**

Minnesota State University, Mankato

Dr. Jennifer Jones is currently an adjunct faculty member at Minnesota State University, Mankato and works with colleges and universities on the implementation of early alert systems. Previously, Jennifer was a clinical assistant professor of higher education at the University of Alabama and also served as the director of academic retention at UA for three years. In that role, she evaluated student retention data to create, implement, and manage appropriate support programs for first-year students struggling to acclimate to campus life. She, primarily, managing a web-based retention program designed to engage first-year students in an online community and connect them with campus resources and information. Additionally, Jennifer garnered significant work experience in residential life and university development through positions at the College of William and Mary, Hamline University, the University of Connecticut, and the University of Eastern Illinois.

BERNADETTE JUNGBLUT / Director of Assessment and Retention, Office of the Provost
