....

OVERVIEW

Ensure that your advancement shop is in compliance with the PCI DSS 3.2 standard, updated in spring 2016. Our expert instructor will examine the updated standard's contractual obligations, how and when to stay compliant, considerations for mobile payments, and common areas of non-compliance. Successfully navigating this standard will help ensure that your institution is in compliance and will help you avoid:

→ Public relations nightmares
→ Half-million dollar fines
→ Lengthy, resource-draining audits by credit card companies
→ Legal prosecution of your staff and students
