

## WordPress Engineer

In this highly collaborative role, you will work with front and back-end developers, designers, product managers, and content creators to engineer and execute best-in-class learning experiences for our members. As a member of our product team, you will significantly impact the technical direction of our membership platform. You believe design matters and are an advocate for user experience.

### DUTIES:

- Create custom tools and solutions within an agile team to deliver value to our customers
- Develop and extend WordPress core and plugins with a focus on clean code and scalability
- Identify, build, and support new features within our stack that are responsive, highly performant and elegant solutions that improve our membership experience
- Research and recommend new technologies and tools for effective integration across various systems

### EXPERIENCE:

- 4-5 years experience in software engineering / full stack development, including 1-2 years developing in WordPress
- Prior Agile experience
- Experience developing WordPress plugins that extend the capabilities of WordPress or contribute to WordPress core
- Proficient in PHP, OOP, SQL, JavaScript, jQuery, HTML, (S)CSS, and how they relate to proper WordPress plugin architecture and extensibility
- Familiarity with Git, ReactJS or similar, LEMP
- Experience building and utilizing REST APIs, data handling (JSON) and transmission (e.g. cURL)

**\*\*Only open to U.S. residents.\*\***

**Salary Range:** \$80,000-90,000

**About Academic Impressions:**

We work to serve and empower higher education administrators and faculty at colleges and universities through conferences, webcasts, publications, and membership. Each year we conduct thousands of hours of research and network with hundreds of experts to uncover the most innovative and impactful practices in areas like student enrollment and learning, faculty support and engagement, alumni and donor support, and increasing organizational productivity. Our highly focused and practical training sessions prepare and empower higher education administrators and faculty to effect meaningful change at their institutions. Consistent with our belief that our employees are our most valuable resource, Academic Impressions offers a competitive benefits package.

- 100% Paid Medical, dental, and vision insurance for employee coverage plus 50% coverage for child dependents
- 401(k) retirement plan with company match
- Fully paid LTD, STD, FSA, and life insurance
- 15 days paid time off in addition to paid company holidays, including your birthday
- Closed the week between Christmas and New Years
- Dynamic growth and professional development opportunities
- Flexible work environment
